セーラー服にお願い!
AMAZING!!
I, HINAGIKU MATSUMOTO (16) HIT A HOMERUN BALL INTO THE FALL SKY!
THE BALL FLEW DIRECTLY BELOW MY DESTINY, ON THE MIDDLE OF THE MOUNTIAN, BEHIND THE SCHOOL BUILDING...

Maca Tanaka Presents
セーラー服にお願い!
第1話

Hello how are you? You'll probably notice that I never translate the creator specials because they are usually quite hard to read. This is my first project where I scanned, cleaned, and translated the entire project. Please be kind to me as I am not an expert in any of what I just said. But at the time I'm writing this chapter it is already in progress and is much cleaner, less blurry, and better translated.

I try to keep the translations as close to Japanese as possible but I also like to make them make sense to an English reader as well. I am a real stickler for keeping name suffixs in a manga and I believe it is important for this manga as well so suffixs are kept in. Enjoy reading sailor Fuku n Onegai! as I have enjoyed translating it. Please support the manga-ka and buy it.

Translator's Notes

Page 8 The Shrine object is called a *goshintai* and is an object placed in a shrine that a diety of the shrine resides in. It can be many things depending on the shrine but the most common is a mirror like at the Misato Shrine in this manga

Page 11- Hina calls the dogs *Komainu* which are a Shinto Shrine Guardian Dogs. I chose to stick with calling them *Komainu* throughout the manga because anything in English translation seemed much to long. I also wanted to keep the original meaning intact in case it became more imprtant later on in the series

Shishi's name is written in katakana characters used mostly for loan words, words in english, and words that have no kanji associated with them. For a name to be written in katakana it often has some meaning in a manga and was a choice of an author to write it this way. Actually a few characters names will have some inner meaning, so to completly grasp the humor make sure to read further TNotes

Page 14. In case you didn't understand these little creatures are the spirits of the lettuce. Why they would want the people to eat them is beyond me. Spirits reside in many things and govern many aspects of nature. We will see many different spirits in this manga

THANK GOODNESS YOU'RE A PRIVATE PERSON WITH FREE TIME

Translator's Notes

Page 36: Hina calls the dogs *Komainu* which are a Shinto Shrine Guardian Dogs. I chose to stick with calling them *Komainu* throughout the manga because anything in English translation seemed much to long. I also wanted to keep the original meaning intact in case it became more important later on in the series.

Shishi and Koma's names are written in katakana, characters used mostly for loan words: words in english, and words that have no kanji associated with them. For a name to be written in katakana it often has some meaning in a manga and was a choice of an author to write it this way. Actually a few characters names will have some inner meaning, so to completly grasp the humor make sure to read fnither TNotes

Page 40: The sludge we I translated it was called the *nen* in the manga. This was a very confusing translation for me because in the dictionary the kanji for *nen* translated into feeling (presence). So I the translation made more sense as sludge vs. feeling. Also the word *nen* was in the word *nenoki* which means mncus. But these words used different kanji. Finally I decided on sludge because it just makes obvious sense

Naming Conventions: Yattal-Scans uses names written as Given .Sn:name for an English reading audience. Therefore Hinagiku Matsumoto's given name is Hinagiku and Last Name (Surname) is Matsumoto

Name Suffix. It is often important to keep name suffixs in a manga so that you can understand the relationship characters have. The most common is -san but the most overlooked is the lack of name suffix. A lack of name suffix means that a person has earned an intimacy to the other. So! when the use of no snffix is used and the person has not earned the intimacy it can be insulting.

Yatta-Scans of course wishes that you enjoy our manga.

So rip open a box of pocky, grab a green tea and enjoy.

Translator's Notes

Page 60 The word used here is "Itadakimasu" It is pronounced e-tah-dah-key-mahse and litterly translates to "Thank you for the food I am about to partake in". It is said something like a grace but with no religious meaning. Itadakimasu is said before you eat any meal. It is said in both formal and informal situations.

Name Suffix - It is often important to keep name suffixs in a manga so that you can understand the relationship characters have. The most common is -san but the most overlooked is the lack of name suffix. A lack of name suffix means that a person has earned an intimacy to the other. But when the use of no suffix is used and the person has not earned the intimacy it can be insulting.

Here are some common name suffixs that have been used or will be used in this manga. They are used for both first names and last names in Japan. They must be used unless the conditions to "not" use them are met.

Chan - used for girls, young kids, pets, and boyfriends (dating)
Kun - used for males of any age. It is sometimes used by males for females
San - used like Mr., Mrs., Miss, and Ms.
Sama - a more formal version of san
Sempai - one who has more experience in school or the workplace
Kohai - one who has less experience in school or the workplace
Sensei - used for teachers, doctors, and politicians. It can also be used for someone who is very accomplished at something. Ex a manga artist could be called "sensei"
[blank] - as stated above in the paragraph.

Naming Convantions - Yetta! Scans uses names written as Given, Sumame for an English reading audience. Therefore Hinagiku Matsumoto's given name is Hinagiku and Last Name (Sumame) is Matsumoto.

CHAPTER 3

Character profile
Character profile 2

Hero 1
Koma-san

-He is a Komainu* so his birthday is unknown. There's no reason for a profile.
180cm.
-He was made to protect the Misato god. So God is always put first. Misato God had a calm nature and Koma-san followed that example. Later I'll need to draw the God too, right? Anyways, Koma-san is now 'God's' errand person.
-His hair is silver. Somehow I keep clothing him in fancy clothes. It fits him, that's why. Oh, originally, he was supposed to be the 'God.' That might have influenced something on him. -He is a 'defense' type Komainu. For a long time he's only protected and defended, so he's not very good at attacking.

Misatoyama high school is now covered with vivid autumn colors.
Today is the annual festival!

HINA-CHAN, YOU CAN GO REST NOW

THE HUMANS BECOME CARELESS DUE TO THE LIGHTHEARTED ATMOSPHERE.
THE GHOSTS TAKE ADVANTAGE OF THAT.

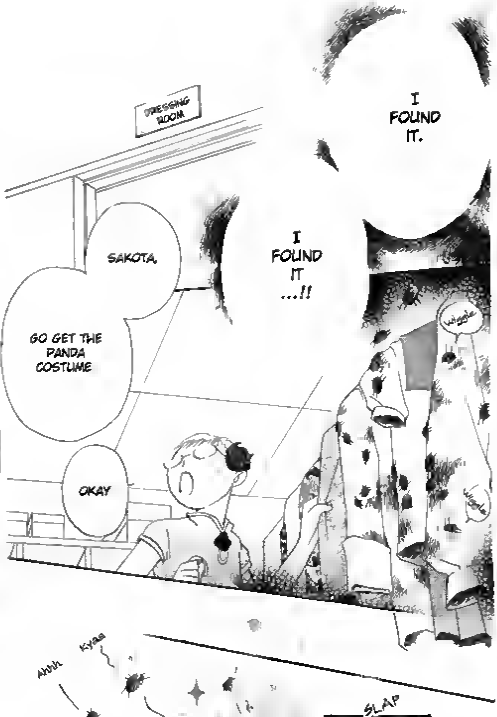
Alliance

I'm originally from Aichi-ken. Anyone from the central region would have tried the Gotobuki00's pig bone ramen.
Sometimes I miss it a lot since I live in Tokyo now
Why couldn't I get into the Gotobuki00 association where Hatori Bisco san was president of?!
I went to argue and joined forcibly.
Bisco san came to my house a few days ago because I had ramen.
I said, "I'll give you a meal, so write something on my book."

← She drew this line and went.

So timid! But senkyuu*1
*1 (^A.K.A. Thank you.)

Next time I'll definitely make her draw something! Just so you know a stupid fax I drew seems to have gotten into a comic that was posted in a website. Go check it out!



STOP!
TAP
BUT...
STOP BEING SILLY.
IF THE 'YAKU' GET TIRED OF IT OR IF THE PEOPLE CALM DOWN IT STOPS

BUT HOW CAN I NOT DO ANYTHING ABOUT IT?
Am I breaking the rules by chasing away the 'yaku?'
WE'RE ALSO MOVING IN THE TERRITORY OF THE 'HUMANS' VICINITY.'
LET'S COMPROMISE WELL.
HUMAN GIRL
GRR
I know I'm a human.
I'm not a shrine made to protect the Shrine Object.

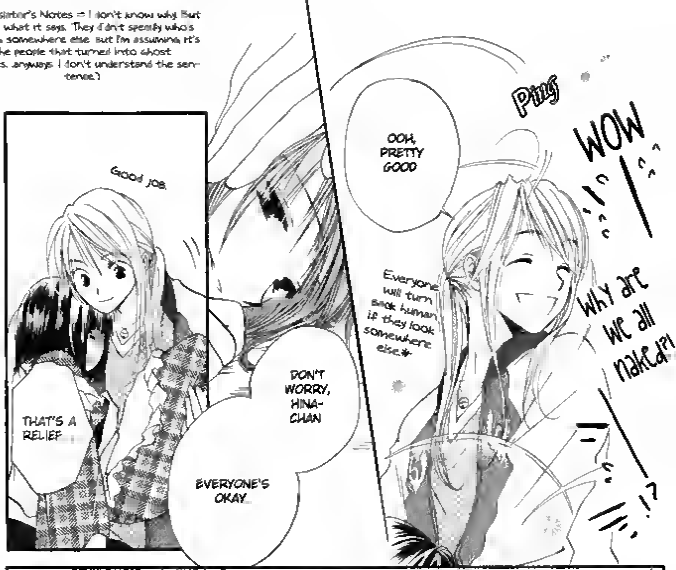
*Translator's Notes :> I don't know why but that's what it says. They don't specify who is looking somewhere else, but I'm assuming it's the people that turned into ghost thingies. anyways I don't understand the sentence.)



To tell the truth,
I'M HINA'S DOG.
That autumn afternoon, I was really worried about what to say as an excuse.
SPLENDOROUS
It was great.
But I was happy he called me by my name.

The next day at the shrine.
IT'S JUST A PICTURE!!
It'll look like a door if we put it there!
TADA! IT'S A HAND-MADE DOOR.

Hero 2
Shishi-san

He's a Komainu so his birthday is unknown as well.
176cm
He's a pain to work on. He's a character you get to understand later on so I'll talk about that later...
His appearance is about 17–19 years old
Blond hair is really hard to show, but when I get started on it...
Kimonos and swords are especially hard to draw
I have something against kimonos now

Male kimonos are usually very ordinary looking so he'll wear female kimonos if he wears it with the right style of dressing
He has a weakness against food, though
He is an attack type Komainu

Mom and dad are in heaven,
Hinagiku is courageous again,
HA,
HAIYA!

and successfully carrying out the job of the 'God.'

I'll totally seal you!
That you'll never even see me again!
.....
THE CHARM THAT SEALED THE 'GRUDGE' IS STILL THERE,
SO WHY DID WE GET ATTACKED BY IT?
It's been about two months since I absorbed the Shrine Object,
And I got attacked by the 'Grudge' we sealed a while ago
Recap of the last chapter
The 'Grudge' cursed the cosplay clothing and they attacked.
Cursed cosplay clothing
HMM, YOU'RE RIGHT.

If the Komainus said they would protect me,
I would like them to avoid scary things

IT'S OKAY
IT'S DEEP IN THE FOREST

SORRY
IF YOU'RE SORRY, HURRY UP AND FIX THE SHRINE AND TAKE THE SHRINE OBJECT OUT OF YOUR BODY
WHAT'S THE POINT IN SERVING SOMEONE WITH NO DIGNITY WHATSO-EVER?

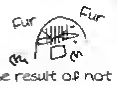
AH, SORRY..

Authors space! Boring story

I used to have a dog so sometimes I'd want to touch and play with furry animals



The result of not touching a dog

I received a photo book of Shiba Inus as a reference, and I kept saying

A few days ago I met a Siberian Husky in the street

He loved me so much that he was walking while looking at me and

He was so lovely!! The owner lady scolded him as if it happened all the time

And that was also very interesting to me

ARE YOU OKAY?
FEAR IS THE ORIGIN OF ALL DISEASES!
I AM CYBORG!
AH, OKAY, OKAY
But don't go to your part-time job!
If you go, I'll get mad at you!
I'm healthy!

A somewhat perverted character, Kyuubi appears!
Is he a dog or a fox?
COULD IT BE THAT...
NO HUMANS APPEAR IN THIS MANGA?
This appearance is cool isn't it?
Recruiting fellow comrades to talk about pointless things like this
Is he an enemy or an ally? Will Hina fall into his hands?

Character profile 4

The one that always acts like he's the leading actor when he's not

Kyuubi-san

He's an old fox
183 cm

At the beginning he was supposed to be a human, but some things happened and he became a monster

But he was always meant to be sexy! I tried researching for a god or monster that would fit that image and the Kyuubi, that tried to ruin ancient India by transforming into a woman and seducing the king, seemed very fitting. Kuo is currently in a high school girl room so he's acting as a student and enjoying himself. He's in charge of overexposure in this story. It's very convenient because he undresses himself even when I don't tell him to.

He is the mighty monster who is disguised as a Misatoyama High School's second year to flirt with girls, the Kyuubi. Currently he is a dependent at Hina's house.
